## waxing

### benefits of hard wax

If your priorities are quick and painless, hard wax is for you. Quick and much less painful than the traditional strip wax. Once the wax cools, it hardens and shrink-wraps the hair, slightly lifting from the skin. This allows the wax to grab onto the hair rather than the hair and skin.

## laser hair removal

Pain-Free, Hair-Free™ by is a state of the art laser hair removal procedure designed to remove unwanted hair faster, more comfortably, and with fewer visits than ever before. Because of its patented IN-Motion™ technology you can even treat sensitive areas without the discomfort you would otherwise feel with other systems. In addition, a patented Dual Chill™ mechanism ensures the surface of your skin stays cool and comfortable throughout your treatment. Nearly any part of the body can be treated safely and comfortably, including the face, leg, neck, arms, bikini, legs and stomach.
